SMARTWITNESS CAN PROTECT YOU AND YOUR INSURANCE PREMIUMS

- Video evidence to support your driver in the event of a claim
- Onboard G-force and GPS to assist with driver behaviour and training
- Alert triggers to safeguard your remote workforce
- Additional protection for blind spot or reversing
- Insurance premium protection/reduction
- Mitigate risk, improve risk management and road safety
- Address health and safety and duty of care
- Improve driver behaviour reducing wear and tear and fuel costs

Miles Smith customer, F&R Cawleys, have installed SmartWitness cameras to their fleet of vehicles:

"Cawleys first installed SmartWitness vehicle mounted front facing cameras in 2014 to our fleet of waste collection vehicles. Since installing this technology we have benefitted from:

- clear proof of fault and liability after an accident;
- a reduction in spurious third party damage claims;
- the ability to fully defend third party contested claims.

Since 2014 there has been a year on year reduction in the number and value of motor claims made against us."
