

## Motor Fleet

Motor Fleet cover is recommended for businesses that operate with a number of vehicles that need insuring under one policy. These include taxis, company fleets, minibus and coach operators and courier companies.

Our approach is very much tailored to your organisation. We will meet with you to understand your unique needs before presenting you with an insurance solution. We have years of experience in arranging motor fleet insurance and we often combine our approach with our bespoke risk management service, which aims to mitigate the possibility of making claims wherever possible.

### What's typically covered?

- ✓ Cars, vans and motorbikes
- ✓ HGVs, LGVs or mixed
- ✓ Fully comprehensive cover, or third party (only or fire and theft)

All businesses are unique so to make sure you're covered, get in touch with our team of experts.
