

Landlord's Content's

We offer tailored insurance solutions for Landlords. With buildings often having separate insurance, it's crucial to provide cover for the standalone contents. Landlord's contents does this and offers some added extras as well.

Renting to tenants comes with its risks. If you want to make sure that your furnishings are protected and can be replaced if they are damaged, then you will need to insure them. And our policies, like everything we do at Miles Smith, are tailored to you, and we often include things like public liability. So, if your tenant flooded the bathroom and caused damage to someone else's property we can make sure you are protected.

What's typically covered?

- ✓ Damage to fixtures and fittings that are not part of the building, things like washing machines, beds, sofas and other free-standing items
- ✓ Replacement of locks that have been damaged due to burglary or theft of keys
- ✓ Damage to floor coverings, such as carpets and laminate flooring

All businesses are unique so to make sure you're covered, get in touch with our team of experts.
