

Medical Malpractice

Medical Malpractice cover, sometimes referred to as Medical Liability Insurance, is designed to offer those who work in the healthcare sector protection in the event of allegations of medical malpractice or clinical negligence.

We offer exclusive schemes for many types of medical professionals, and we have expertise in sourcing cover for those that other insurance companies may deem too high risk. If you have had previous claims or disciplinary actions against you, we may still be able to help source cover.

What's typically covered?

- ✓ Cover against omissions in your professional duty, such as injury, misdiagnosis, delays in referrals and physical harm to patients
- ✓ Legal cover – we can help provide legal assistance in the event of a disciplinary hearing with your professional body
- ✓ Run off cover – a patient has up to three years to make a claim, so having cover with longevity is a must
- ✓ Breach of confidentiality
- ✓ Data breaches

All businesses are unique so to make sure you're covered, get in touch with our team of experts.
